### Financial Support

A Conference Grant is a fixed financial contribution which takes into consideration the budget request of the applicant and the outcome of the evaluation of the application by the delegated person(s). Conference Grants do not necessarily cover all the expenses related to participating in a conference. A Conference Grant is a contribution to the overall travel, accommodation and meal expenses of the selected Grantee.

**Max 1.000€ for face-to-face events, including Conference Fees.**

ITC Conference Grants remain the same: anywhere in the world

Documentary evidence of the conference fee amount must be provided by the applicant and in kind, must be archived by the Grant Holder along with the relevant administrative documents.

### Receiving Your Grant

If you have been selected as an ITC Conference Grant Recipient, you will receive your grant after the conference. After your conference, the e-COST System will automatically ask you to submit a Scientific Report. The ITC Conference Grant report is due within 30 days from the end date of the activity or 15 days after the end of the Grant Period (Sep.30<sup>th</sup>), whichever date comes first.

Once your scientific report has been approved you will receive the grant to your bank account.

**In addition you will be invited to present the results of your participation at the next Management Committee meeting or to write a short blog entry for the Action’s website.**

**Please remember to ask someone to take a picture of you during your presentation to showcase your involvement on the Action’s website and in the Action newsletter (with your prior consent).**

**Clarifications:**

The COST Association and the Grant Holder of the Action cannot to be considered as being a grantee's employer. Grantees must make their own arrangements for all provisions related to personal security, health, taxation, social security and pension matters.

Please note that COST can request additional information to substantiate the information contained within the documents submitted by Conference Grant applicants so you should keep copies of all travel and accommodation receipts.
